Submit Registration

## Update / Unsubscribe:

- Go to **SMS Registration >> Update / Unsubscribe** on home page.
- Enter your registered mobile no. and Click “Send OTP”.

The screenshot shows a web form titled "Update Registration Profile". Below the title is a subtitle: "To access your profile, please enter your registered mobile number and the security code from the image." The form contains two input fields: "Registered Mobile Number" with the value "79[REDACTED]" and "Security Code" with the value "KU5YG". To the right of the security code input is a refresh button. Below these fields is a large teal button labeled "Send OTP". At the bottom of the form, there is a link: "Don't have an account? Register here."

- Enter OTP and Click “Verify & Access Profile”.

The screenshot shows a web form titled "Verify Your Identity". Below the title is a subtitle: "For security, an OTP has been sent to your mobile number to access your profile: 7906806449". The form contains one input field: "OTP Code" with the value "286912". Below this field is a large teal button labeled "Verify & Access Profile".

- Update your profile and Click "Next".

The screenshot shows a web form titled "Manage Profile". Below the title is a subtitle: "Update your information or SMS alert preferences." There is an "Unsubscribe" button in the top right corner. The form is divided into two sections: "1. Personal Information" (highlighted in teal) and "2. Registration Category". The "Personal Information" section contains several input fields: "Full Name \*" with the value "Dummy Name", "Category" with a dropdown menu showing "Others", "Services" with a dropdown menu showing "Other", "Please Specify Designation \*" with the value "Farmer", "Organization \*" with the value "Farming", "State \*" with a dropdown menu showing "UTTARAKHAND", "Mobile No. \*" with a redacted value, and "Email" with a redacted value. At the bottom of the form is a blue button labeled "Next".

- Update administrative levels accordingly as required and Click "Save Changes".
